

CODE FOR AUSTRALIA

===== A 'Code for America' initiative =====

WE ARE ON A MISSION

to make our cities interactive,
our government to speak for its citizens,
and to be able to create collective change
through our fingertips.

WE CONNECT

DESIGNERS / DEVELOPERS

&

— WITH —

GOVERNMENT LEADERS

&

ENTREPRENEURS / ACTIVISTS

CIVIC POPULATION

Together we “appify” government by creating web and mobile applications that are beautiful, simple and freely accessible.

**CODE FOR AUSTRALIA IS A LARGE-SCALE NATIONAL INITIATIVE
IT'S GOING TO NEED A DEDICATED AND COMMITTED TEAM.**

SO IF YOU FALL IN:

Software Engineering	Digital Media Design
Media / Public relations	Legal / Compliance
Government Relations	Sponsor / Donor Liason
Product Management	Accounting / Finance

Then join the team and you will be rewarded
for the labour of love with an unmatched
opportunity to sharpen their skills and tap
into a network of change-makers, both
inside and outside of government.
